DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claim 35, 44-45 are rejected under 35 U.S.C. 102(a) as being anticipated by Kondow et al ('274).

35. A method of fabricating a semiconductor structure, the method comprising the steps of:

- a. providing a semiconductor substrate (Fig.7 (61))
- b. providing on said substrate a graded semiconductor region incorporating a first type of strain (Col.4, lines: 35-50); and
- c. processing the graded region so as to introduce a second type of strain, the previously incorporated first type of strain reducing the process-induced second type of strain (Col.4, lines: 45-55).

44. The method of claim 35, further comprising the step of planarizing at least one surface of the structure (Col.7, lines: 45-50).

Art Unit: 2813

45. The method of claim 35, wherein the first type of strain is compressive strain and the second type of strain is tensile strain (Col.4, lines: 45-55).

Allowable Subject Matter

The following is a statement of reasons for the indication of allowable subject matter: Claims 39 and 40 are deemed to be allowable over prior art because of one ordinary skill in the art would not render the modification of Kondow et al ('274) to include the limitations of claims 39 and 40 as obvious, moreover prior art as a whole fails to teach the combination as required by their dependency.

Response to Arguments

Applicant's arguments with respect to claims have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment dated 6/8/05 necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period

Art Unit: 2813

will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
